

## Key Transportation 2030 Issues

1. Provide a balance between the amount of funding designated for transit rehabilitation and local road rehabilitation.
2. Maximize flexibility at the county level to create a multimodal transportation system that meets the diverse needs of the region.
3. Key projects for the SCTA include:
  - U.S. 101 improvement projects throughout the county, including the Marin-Sonoma Narrows project
  - Local road and transit rehabilitation
  - Sonoma/Marin Area Rail Transit (SMART) passenger service
  - Local bicycle and pedestrian projects
4. Continue programs to better integrate transportation and land use while ensuring these programs are flexible enough to suit the needs of each county.
5. Provide context of the overall Transportation 2030 Plan (\$108 billion) when discussing how uncommitted funding will be distributed.

## Public Meetings:

- **SCTA Board:** 2nd Monday of the month at 3:15 p.m. in the Sonoma County Planning Commission Hearing Room, 2550 Ventura Avenue, Santa Rosa.

## Sonoma County Transportation Authority

520 Mendocino Avenue, Suite 240, Santa Rosa, CA 95401
